Deployed

Demo prepared on: June 20, 2026

Screen 1: Home Page

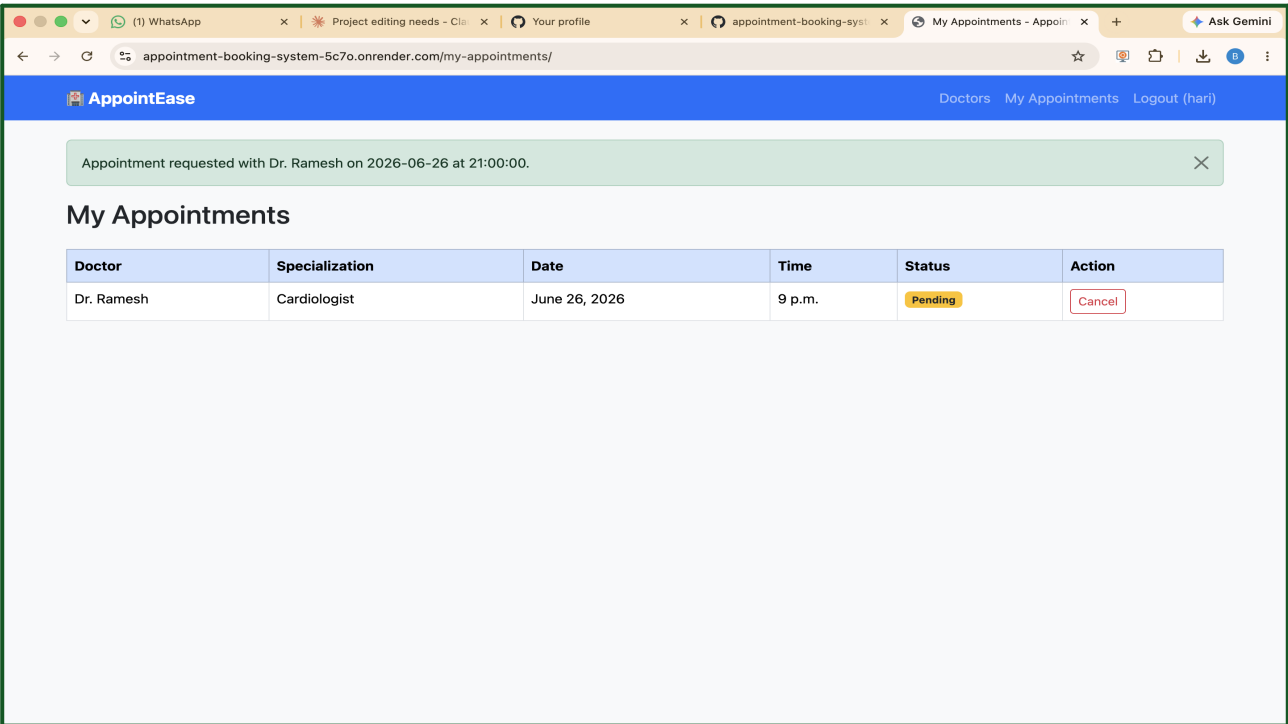

URL: <https://appointment-booking-system-5c7o.onrender.com/>

Description: The landing page of AppointEase shows the main heading 'Book Doctor Appointments Online' with a call-to-action button. Navigation bar includes Doctors, Login, and Register links. Currently 1 doctor is available in the system.

Screen 2: Patient Registration Page

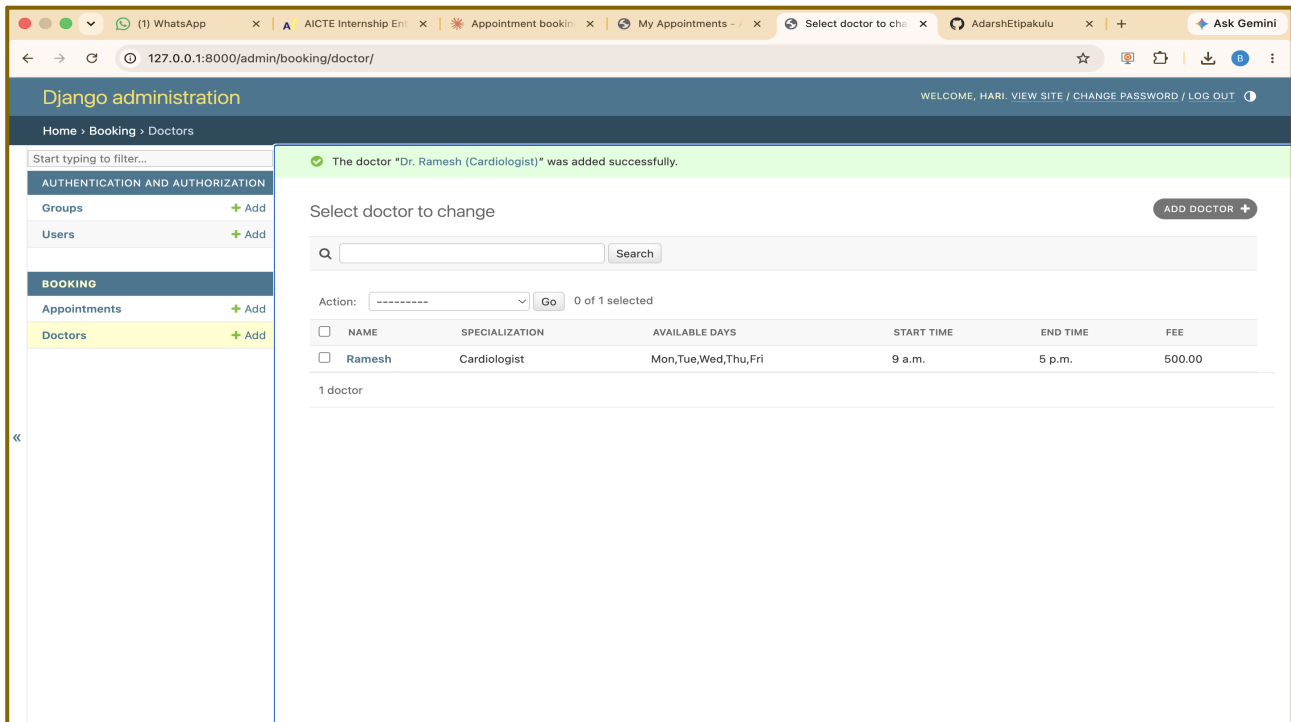

URL: <https://appointment-booking-system-5c7o.onrender.com/register/>

Description: New patients can register by entering their Username, Email, Password, and Password Confirmation. Django's built-in password validation rules are displayed. After registration, the patient is redirected to the login page.

Screen 3: Admin Panel — Doctor Management

URL: <http://127.0.0.1:8000/admin/booking/doctor/>

The screenshot shows the Django Admin Panel for Doctor Management. The sidebar on the left contains navigation links for Authentication and Authorization, Booking, and Doctors. The main content area displays a success message for adding Dr. Ramesh (Cardiologist) and a table for selecting doctors to change.

Success Message: The doctor "Dr. Ramesh (Cardiologist)" was added successfully.

Select doctor to change

Search: Search

Action: Go 0 of 1 selected

☐	NAME	SPECIALIZATION	AVAILABLE DAYS	START TIME	END TIME	FEE
☐	Ramesh	Cardiologist	Mon,Tue,Wed,Thu,Fri	9 a.m.	5 p.m.	500.00

1 doctor

Description: The Django Admin Panel allows administrators to manage doctors and appointments. Here, Dr. Ramesh (Cardiologist) was successfully added with available days Mon–Fri, timings 9 AM to 5 PM, and a consultation fee of ₹500.

Screen 4: My Appointments Page

URL: <https://appointment-booking-system-5c7o.onrender.com/my-appointments/>

The screenshot shows a web browser window with the URL <https://appointment-booking-system-5c7o.onrender.com/register/>. The page features a blue header with the 'AppointEase' logo and navigation links for 'Doctors', 'Login', and 'Register'. The main content area contains a 'Patient Registration' form with the following fields and instructions:

- Username:** A text input field. Below it, a note states: 'Required. 150 characters or fewer. Letters, digits and @/./+/-/_ only.'
- Email:** A text input field.
- Password:** A text input field. Below it, a list of requirements is provided:
 - Your password can't be too similar to your other personal information.
 - Your password must contain at least 8 characters.
 - Your password can't be a commonly used password.
 - Your password can't be entirely numeric.
- Password confirmation:** A text input field. Below it, a note states: 'Enter the same password as before, for verification.'

A blue 'Register' button is located below the password confirmation field. At the bottom of the form, there is a link: 'Already have an account? [Login here](#)'.

Description: After booking, patients can view all their appointments on the 'My Appointments' page. The appointment with Dr. Ramesh (Cardiologist) on June 26, 2026 at 9 PM is shown with 'Pending' status. Patients can cancel appointments from this page.

Project Summary

Feature	Status
Patient Registration & Login	✓ Implemented
Doctor Listing with Specialization	✓ Implemented
Appointment Booking with Date & Time	✓ Implemented
Double-Booking Prevention	✓ Implemented
My Appointments (View & Cancel)	✓ Implemented
Admin Panel (Doctor & Appointment Mgmt)	✓ Implemented
GitHub Version Control	✓ Deployed
Live Deployment on Render.com	✓ Live

GitHub Repository	Live Application
